Social Chemistry Marissa King 2022-01-04 "One of the most interesting and useful books ever written on networking."—Adam Grant Social Chemistry will utterly transform the way you think about "networking." Understanding the contours of your social network can dramatically enhance personal relationships, work life, and even your global impact. Are you an Expansionist, a Broker, or a Convener? The answer matters more than you think. . . . Yale professor Marissa King shows how anyone can build more meaningful and productive relationships based on insights from neuroscience, psychology, and network analytics. Conventional wisdom says it's the size of your network that matters, but social science research has proven there is more to it. King explains that the quality and structure of our relationships has the greatest impact on our personal and professional lives. As she illustrates, there are three basic types of networks, so readers can see the role they are already playing: Expansionist, Broker, or Convener. This network decoder enables readers to own their network style and modify it for better alignment with their life plans and values. High-quality connections in your social network strongly predict cognitive functioning, emotional resilience, and satisfaction at work. A well-structured network is likely to boost the quality of your ideas, as well as your pay. Beyond the office, social connections are the lifeblood of our health and happiness. The compiled results from dozens of previous studies found that our social relationships have an effect on our likelihood of dying prematurely—equivalent to obesity or smoking. Rich stories of Expansionists like Vernon Jordan, Brokers like Yo-Yo Ma, and Conveners like Anna Wintour, as well as personal experiences from King's own world of connections, inform this warm, engaging, revelatory investigation into some of the most consequential decisions we can make about the trajectory of our lives. *Birth of the Phoenix* Jessica Wayne 2021-09-01 Anastasia spent her life longing for an escape. Now, she will spend every waking moment searching for a way back. After a brutal childhood left her with both physical and emotional scars, Anastasia has fought for years to put an end to the nightmares. It's with him, the boy next door who is now the man she cannot live without, that she can finally hope for a happy ending. But in Anastasia's world, hope is a very, very dangerous thing. When she is kidnapped and dragged into a perilous world, Anastasia discovers that her nightmares are not figments of a broken mind, but rather premonitions of her harsh new reality. In a world plagued with dark magic and monsters determined to tear her apart, can she fight her way to freedom even though the only person who ever believed in her is a world away? Grab your copy today and find out what happens when you stop letting others define you. Please note: This series contains darker elements, including explicit language, mentions of

abuse, and torture. It is not intended for anyone under the age of 18. This is the first book in a completed five-book series. It is perfect for anyone who loves friends-to-lovers, portal fantasy, a strong female heroine, and an alpha hero who stands beside her. Fantasy romance for adults!

Understanding Loliism: A Grasp on Loli Appeal Kai Wei 2018-05-11 Have you ever heard the term loli within the realm of anime and manga? Do you wonder what exactly lolis are and why there is a strong appeal for them? Then this is the book for you! In *Understanding Loliism: A Grasp on Loli Appeal*, we take an in-depth look into the appeal for lolis as well as how you can become a Lolicon today! To better understand and defend the beliefs of Loliism, reading this book is essential. This book was also created to help others understand the misconceptions of Loliism and to get your friends and family to understand your appeal to lolis. As you go through this book, you will: - Understand loliism - Learn the Loli Creed - Go over the Lolicon Ten Commandments - Better understand what counts as lolis - Shape your view on Loliism and lolis **This book is not a serious book and its content is not to be acted upon** [I Am Tama, Lucky Cat](#) Wendy Henrichs 2016-02-02 Under the shadow of the white-capped mountains of Japan, a kind and gentle monk takes in a white cat with unusual markings and names him Tama, Lucky Cat. Tama watches as his new master teaches Buddha's ways to poor farmers, caring for their welfare while ignoring his own empty stomach. Tama truly earns his nickname, "Lucky Cat," when during a powerful thunderstorm, he sees a towering warlord on a white horse. The cat beckons the warrior forward just as a large branch crashes to the ground and lands right where the warlord had previously stood. In gratitude to Tama, the warlord lavishes gifts on the monk's poor temple. In a marriage of graceful text based on one of the legends of Maneki Neko—"beckoning cat," in early Edo-period Japan—and breathtaking watercolor illustrations, debut author Wendy Henrichs and award-winning illustrator Yoshiko Jaeggi offer a beautiful story of friendship, generosity, and kindness. *The Mechanics' Magazine and Journal of Science, Arts, and Manufactures* 1871

Potential Risks and Benefits of Gain-of-Function

Research National Research Council 2015-04-13 On October 17, 2014, spurred by incidents at U.S. government laboratories that raised serious biosafety concerns, the United States government launched a one-year deliberative process to address the continuing controversy surrounding so-called "gain-of-function" (GOF) research on respiratory pathogens with pandemic potential. The gain of function controversy began in late 2011 with the question of whether to publish the results of two experiments involving H5N1 avian influenza and continued to focus on certain research with highly pathogenic avian influenza over the next three years. The heart of the U.S. process is an evaluation of the potential risks and benefits of certain types of GOF experiments with influenza, SARS, and MERS viruses that would inform the development and adoption of a new U.S. Government policy governing the funding and conduct of GOF research. *Potential Risks and Benefits of Gain-of-Function Research* is the summary of a two-day public symposia on GOF research. Convened in December 2014 by the Institute of Medicine and the National Research Council, the main focus of this event was to discuss principles important for, and key considerations in, the design of risk and benefit assessments of GOF research. Participants examined the underlying scientific and technical questions that are the source of current discussion and debate over GOF research involving pathogens with pandemic potential. This report is a record of the presentations and discussion of the meeting.

Advanced Environmental Monitoring Young Kim 2007-10-31 This book deals with recent developments and applications of environmental monitoring technologies, with emphasis on rapidly progressing optical and biological methods. Written by worldwide experts, this book will be of interest to environmental scientists in academia, research institutes, industry and the government.

Accelerando Charles Stross 2005-07-05 The Singularity. It is the era of the posthuman. Artificial intelligences have surpassed the limits of human intellect. Biotechnological beings have rendered people all but extinct. Molecular nanotechnology runs rampant, replicating and reprogramming at will. Contact with extraterrestrial life grows more imminent with each new day. Struggling to survive and thrive in this accelerated world are three generations of the Macx clan: Manfred, an entrepreneur dealing in intelligence amplification technology whose mind is divided between his physical environment and the Internet; his daughter, Amber, on the run from her domineering mother, seeking her fortune in the outer system as an indentured astronaut; and Sirhan, Amber's son, who finds his destiny linked to the fate of all of humanity. For something is systematically dismantling the nine planets of the solar system. Something beyond human comprehension. Something that has no use for biological life in any form...

Solution Focused Narrative Therapy Linda Metcalf, PhD, LPC-S, LMFT-S 2017-03-01 Introduces a Powerful New Brief Therapy Approach This groundbreaking book is the first to provide a comprehensive model for effectively blending the two main postmodern brief therapy approaches: solution-focused and narrative therapies. It harnesses the power of both models—the strengths-based, problem-solving approach of SFT and the value-honoring and re-descriptive approach of Narrative Therapy—to offer brief, effective help to clients that builds on their strengths and abilities to envision and craft preferred outcomes. Authored by a leading trainer, teacher, and practitioner in the field, the book provides an overview of the history of both models and outlines their differences, similarities, limitations and strengths. It then demonstrates how to blend these two approaches in working with such issues as trauma,

addictions, grief, relationship issues, family therapy and mood issues. Each concern is illustrated with a case study from practice with individual adults, adolescents, children, and families. Useful client dialogue and forms are included to help the clinician guide clients in practice. Each chapter concludes with a summary describing and reinforcing the principles of the topic and a personal exercise so the reader can experience the approach first hand. Key Features: Describes how two popular postmodern therapy models are combined to create a powerful new therapeutic approach—the first book to do so Includes case studies reflecting the model's use with individual adults, children, adolescents, and families Provides supporting dialogue and forms for practitioners Authored by a leading figure in SFT and its application in a variety of settings Presents an overview of the history of both models

A Must Gift For All Chibi Anime Fans. If you know someone who loves coloring and are Chibi, Kawaii, Manga, Anime fans then this coloring book is a must gift for them, watch their eyes light up when they see this book, it will be picture to say the least.

1968 Mark Kurlansky 2005-01-11 NATIONAL BESTSELLER • "In this highly opinionated and highly readable history, Kurlansky makes a case for why 1968 has lasting relevance in the United States and around the world."—Dan Rather To some, 1968 was the year of sex, drugs, and rock and roll. Yet it was also the year of the Martin Luther King, Jr., and Bobby Kennedy assassinations; the riots at the Democratic National Convention in Chicago; Prague Spring; the antiwar movement and the Tet Offensive; Black Power; the generation gap; avant-garde theater; the upsurge of the women's movement; and the beginning of the end for the Soviet Union. In this monumental book, Mark Kurlansky brings to teeming life the cultural and political history of that pivotal year, when television's influence on global events first became apparent, and

spontaneous uprisings occurred simultaneously around the world. Encompassing the diverse realms of youth and music, politics and war, economics and the media, 1968 shows how twelve volatile months transformed who we were as a people—and led us to where we are today.

The Hilarious World of Depression John Moe 2020-05-05 One of Today's Ten Best Inspirational Books, 2020 By the creator and host of the acclaimed mental health podcast Depress Mode with John Moe "[A] path to deeper understanding and openness, by way of laughter in the dark" –The New York Times Book Review "Filled with heart, humor and hope." –People "A funny, honest book." –Neil Gaiman "Candid and funny and intimate." –Susan Orlean For years John Moe, critically-acclaimed public radio personality and host of The Hilarious World of Depression podcast, struggled with depression; it plagued his family and claimed the life of his brother in 2007. As Moe came to terms with his own illness, he began to see similar patterns of behavior and coping mechanisms surfacing in conversations with others, including high-profile comedians who'd struggled with the disease. Moe saw that there was tremendous comfort and community in open dialogue about these shared experiences and that humor had a unique power. Thus was born the podcast The Hilarious World of Depression. Inspired by the immediate success of the podcast, Moe has written a remarkable investigation of the disease, part memoir of his own journey, part treasure trove of laugh-out-loud stories and insights drawn from years of interviews with some of the most brilliant minds facing similar challenges. Throughout the course of this powerful narrative, depression's universal themes come to light, among them, struggles with identity, lack of understanding of the symptoms, the challenges of work-life, self-medicating, the fallout of the disease in the lives of our loved ones, the tragedy of suicide, and the hereditary aspects of the disease. The Hilarious World of Depression illuminates depression in an entirely fresh and inspiring way.

The Chief Learning Officer Tamar Elkeles 2007 NEW - TAMAR ELKELES WINS PRESTIGIOUS AWARD! Tamar Elkeles, vice president of Qualcomm Learning Center and co-author of The Chief Learning Officer, has been named 2010 CLO of the Year by Chief Learning Officer magazine "Since she began with the company in 1992, Tamar Elkeles has built the Qualcomm Learning Center from a one-person operation into a sophisticated, integrated and innovative strategic resource for the organization" said Norm Kamikow, president and editor in chief of Chief Learning Officer magazine. Congratulations Tamar! ----- New business realities and customer demands, coupled with new technologies in a changing competitive landscape are causing corporate learning departments to rethink their value, role, and impact in the organization. In a constantly changing business landscape with limited resources and tight budgets, learning must be viewed as essential to a successful achievement of business goals. The individual driving this function, the Chief Learning Officer (CLO), is in a unique position to add significant value to the organization. The role of the CLO is to drive value, focusing on issues such as business alignment, managing resources, innovation, customer service and ROI. The challenge is to show value to the organization in terms that business leaders and financial analysts can understand and appreciate. Written from the perspective of the CLO, this book discusses nine important value-adding strategies, making up this critical role of the CLO of the future. At least twenty high profile CLOs provide their strategies on each of these issues. This book is essential reading for both the training and HR communities who need to show the value and connect learning to the business. This book shows the value that can be achieved in the organization if it is managed and organized properly and the appropriate leadership is provided. * Real world strategies from successful CLO's * Practical applications for skill development * Shows how to connect the learning enterprise to the business.
Japan Pop-Up Book Sam Ita 2021-06-22 Take an exciting manga pop-up journey across Japan with Chico and Neko the Cat! Pick up where Tokyo Pop-Up Book left off, as Chico and his mischievous cat Neko visit Japan's most famous landmarks. The chase is on as naughty Neko slips away yet again--this time becoming a stowaway on a Japanese bullet train! Using his phone to track his runaway cat, Chico follows Neko to some of Japan's most

iconic places: Mt. Fuji and the Big Buddha at Kamakura Serene Kinkaku-ji, the Temple of the Golden Pavilion Himeji Castle, an ancient Samurai fortress with its formidable stone ramparts A sushi train restaurant, where an endless parade of fish is truly a cat's dream! The Children's Peace Memorial in Hiroshima, where Chico pauses to reflect The famous "floating" Torii gate at Itsukushima "Cat Island" (Tashirojima), where Neko finds a few new friends and the adventure comes to a happy conclusion! Educational and entertaining in equal measure, this exciting manga pop-up book will be treasured by readers of all ages.

Corporate Explorer Andrew Binns 2022-02-02 Corporate Explorers Transform Disruption Into Opportunity With This Proven Framework Innovation used to be seen as a game best left to entrepreneurs, but now a new breed of corporate managers is flipping this logic on its head. These Corporate Explorers have the insight, resilience, and discipline to overcome the obstacles and build new ventures from inside even the largest organizations. Corporate Explorers are part entrepreneurs, using innovation disciplines to jump start cutting-edge ideas, and part change leaders, capable of creating support for investment. They see that corporations already own the ideas, resources, and—critically—the talent to build new ventures. Companies like Amazon, Microsoft, Bosch, LexisNexis, and Analog Devices enable managers to put these assets to use and gain an upper hand over startups that threaten to disrupt them. Corporate Explorer is a guidebook to the practices that enable these managers to go from idea into action. It demonstrates how success is not only possible but may offer entrenched companies better odds than venture-capital backed startups. This actionable and proven framework explains how managers can become successful corporate innovators; it includes tools to: Learn how to apply innovation practices with greater discipline Turn great ideas into a full-time job as an innovation leader Experiment with and scale original business models Transform innovation programs into a thriving source of new business Attract, retain, and motivate entrepreneurial talent Energize employees by creating a realistic way to innovate These lessons come from the trailblazers of corporate innovation—Andrew Binns (Change Logic), Charles O'Reilly (Stanford Graduate School of Business), and Michael Tushman (Harvard Business School)—who have decades of experience helping entrepreneurial-minded executives activate employees to become Corporate Explorers. Entrepreneurs take notice—it's time for Corporate Explorers to set the pace and chart the course for disruption.

The Comic Storytelling of Western Japan M. W. Shores 2021-08-12 Rakugo, a popular form of comic storytelling, has played a major role in Japanese culture and society. Developed during the Edo (1600–1868) and Meiji (1868–1912) periods, it is still popular today, with many contemporary Japanese comedians having originally trained as rakugo artists. Rakugo is divided into two distinct strands, the Tokyo tradition and the Osaka tradition, with the latter having previously been largely overlooked. This pioneering study of the Kamigata (Osaka) rakugo tradition presents the first complete English translation of five classic rakugo stories, and offers a history of comic storytelling in Kamigata (modern Kansai, Kinki) from the seventeenth century to the present day. Considering the art in terms of gender, literature, performance, and society, this volume grounds Kamigata rakugo in its distinct cultural context and sheds light on the 'other' rakugo for students and scholars of Japanese culture and history.

Winter Tide Ruthanna Emrys 2017-04-04 "Winter Tide is a weird, lyrical mystery – truly strange and compellingly grim. It's an innovative gem that turns Lovecraft on his

head with cleverness and heart" –Cherie Priest After attacking Devil's Reef in 1928, the U.S. government rounded up the people of Innsmouth and took them to the desert, far from their ocean, their Deep One ancestors, and their sleeping god Cthulhu. Only Aphra and Caleb Marsh survived the camps, and they emerged without a past or a future. The government that stole Aphra's life now needs her help. FBI agent Ron Spector believes that Communist spies have stolen dangerous magical secrets from Miskatonic University, secrets that could turn the Cold War hot in an instant, and hasten the end of the human race. Aphra must return to the ruins of her home, gather scraps of her stolen history, and assemble a new family to face the darkness of human nature. Winter Tide is the debut novel from Ruthanna Emrys, author of the Aphra Marsh story, "The Litany of Earth"--included here as a bonus. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Tokyo Pop-Up Book Sam Ita 2018-04-10 This adventurous pop-up book for kids whisks you on a whirlwind tour of Tokyo's most famous landmarks! Tokyo Pop-Up Book cleverly pairs cultural and geographical information with artful paper engineering and an exciting storyline. Follow Chico, a 13-year-old shutterbug, and his mischievous cat Neko as they travel to the world's largest city. It doesn't take long for things to go off course when Neko decides to do some sightseeing on her own! As the pair travels the twists and turns of Tokyo, they pass through unique sites, each with an action pop-up to discover: Asakusa Temple, an ancient Buddhist temple where their adventure begins The thriving shopping district above Akihabara Station A stadium where a rousing Sumo match is in progress Shinjuku Station, where riders are packed into trains by professional "pushers" The imposing Tokyo Skytree tower, the tallest structure in Japan, where poor Neko has a dizzying close call The base of iconic Mt. Fuji, where the adventure has its happy conclusion
