The 2017 A201 Deskbook Peter W. Hahn 2017
The American Institute of Architects (AIA) has completed a total reexamination of its core contracts and issued a new form A201 General Conditions of the Contract for Construction. The A201 is the most frequently used document of all construction agreements, and virtually all AIA contracts are intended to work with it. To help construction lawyers understand and work with the sweeping changes of these widely used general conditions, The 2017 A201 Deskbook identifies and analyzes every significant change

made to the A201 document, and also includes for the first time a section-by-section critical analysis of the A201, with case law interpretations and practice tips.

Essentials of Trademarks and Unfair Competition

Dana Shilling 2002-10-29 ESSENTIALS OF

TRADEMARKS AND UNFAIR COMPETITION

Full of valuable tips, techniques, illustrative real-world examples, exhibits, and best practices, this handy and concise paperback will help you stay up to date on the newest thinking, strategies,

developments, and technologies in trademarks and unfair competition. "This is an extremely well-conceived, clearly written, and authoritative presentation of several related intellectual property disciplines. It will be valuable both to business executives and nonspecialized lawyers.

Serious readers should get up to speed rapidly because Ms. Shilling focuses on the real issues in an effective, user-friendly manner." —Robert Goldscheider, Chairman, The International Licensing Network "Dana Shilling has written a work that should be the new, first stop for junior associates or experienced general

practitioners alike delving into their first serious engagement with the law of trademark and unfair competition. In a terse but accessible style she has touched on most of the major issues in these developing areas and has done so with a minimum of jargon, 'inside baseball,' and bias in an area rife with vested litigation and economic interests. No other book presently available fits quite this niche." —Ronald D. Coleman, Partner, Intellectual Property Department, Gibney, Anthony & Flaherty LLP The Wiley Essentials Series—because the business world is always changing...and so should

you.

Negotiating and Drafting Contract Boilerplate Tina L. Stark 2003 This resource serves to educate lawyers and business professionals on how to draft the many types of "boilerplate" provisions, a legal term that refers to the standardized, one-

size-fits-all provisions of a contract. Each chapter tackles one of 20 provisions and analyzes why it is important, the key legal and business issues raised, and how to draft the provision to suit a particular transaction. Such analysis not only helps readers better understand how to draft these provisions in their contracts, but also helps them better understand the other party's process.

Fundamentals of Franchising, Canada Peter Snell 2005 A large number of American franchise systems have, over the last 40 years, made Canada one of their chosen international expansion targets. This new book, written by

experienced Canadian franchise lawyers, will help you advise your clients who are considering expansion into the Canadian marketplace. The book outlines a host of important differences when comparing the business, law and practice of franchising in Canada and the United States, as well as the numerous similarities between the culture and law of both societies. Topics include: structuring and expansion to Canada; trade-mark and other intellectual property issues; the Canadian franchise agreement; franchise disclosure issues; privacy issues and dispute resolution and franchise litigation in Canada. The

book also includes practice notes throughout the book, highlighting key points.

Cases and Materials on Trade Secret Law

Elizabeth Rowe 2016-11-23 This is the second edition of the first casebook in the United States devoted exclusively to trade secret law. As with the successful first edition, it is challenging yet user-friendly to students in order to facilitate their reading and understanding of the material. It is designed to be used by law students (and business students) with no prior background in intellectual property law. Due to the breadth of the subject matter, professors who teach trade secret

law need not be intellectual property experts, but can specialize in a variety of fields, including employment law, torts, and unfair competition. The casebook also provides the context to re-teach and reinforce many of the basic concepts of law that students learned as 1L's, including tort law, contract law, property law, civil procedure, constitutional law, and criminal law. This new edition includes timely additions relating to the Defend Trade Secrets Act of 2016 (DTSA) and the EU Trade Secret Directive, two laws that went into effect in mid-2016, and which are certain to change the landscape of trade secret law in the

United States and Europe. Unlike the only other existing casebook on the topic, this book continues to focus on and teach the predominant source of trade secret law in the U.S., the Uniform Trade Secrets Act (UTSA) as interpreted by courts throughout the U.S. The authors have made conscious and thoughtful decisions about the way in which the information throughout the casebook is presented and organized. The general organization of the casebook follows a logical analytical approach to understanding trade secret law with the chapters progressing from proving the essential elements of a trade secret

claim to defensive tactics and remedies, managing trade secrets, and criminal actions. It also addresses employment, management, and international issues.
